The President is the chief executive officer and chief administrative officer of the Detroit Lakes Regional Chamber of Commerce (DLRCC). The President shall provide strategic leadership, manage the Chamber's budget and day-to-day operations, coordinate and oversee the activities of the staff. He/she is responsible for membership growth in addition to non-dues revenue growth. The President is the principal advocate and key spokesperson for the Chamber membership and will represent the Chamber through community involvement and public relations. The President is responsible for the overall financial integrity of the organization. The President role has a direct reporting relationship to the DLRCC Board of Directors.

The successful candidate will support the goals of the DLRCC as a business advocate, representing members. The successful candidate will be creative, people and change oriented, and work well with volunteers and public officials.

Detroit Lakes is a city of 7,500 people in west central Minnesota, located 50 miles east of Fargo, ND at the intersection of State Highways 10, 34, and 59. Detroit Lakes boasts recreation and tourist opportunities all year. It has a healthy industrial business sector as well as strong health care and education systems. Detroit Lakes is presently undergoing a significant facelift with a \$65 million road construction project, creating many new opportunities for businesses, residents and visitors.

The qualified candidate will be able to demonstrate a career track record of progressive leadership growth, personal initiative, and an ability to interact with a variety of stakeholders. College degree preferred. Relevant experience shall be considered in lieu of degree(s).
